**ABSTRACT OF ADJOURNED TOWN MEETING  
JUNE 13, 1922, AT 7.30 P. M.**

---

The committee appointed at the March meeting reported in reference to a new sidewalk from the east side of River Street to the railroad station. Voted to accept the report.

Voted to raise and appropriate \$2100.00 to build a cement side walk on the southerly side of Main St. in East Jaffrey Village from the eastrely side of River Street to the railroad station.

The Committee appointed reported on the proposed plans for changing and repairing the town house at Jaffrey Center.

Voted to accept the report.

Voted that the Village Improvement Society of Jaffrey, in co-operation with a committee of the town appointed at the annual town meeting in March, 1922, be authorized and empowered to repair the old town house at Jaffrey Center in accordance with a plan proposed by

architect Allen W. Jackson of Boston, provided that all cost above the sum of \$3000.00 shall be borne by the Village Improvement Society. Provided not to begin the work until satisfactory financial guarantees shall be given by the Village Improvement Society to the committee that it will bear all expense above \$3000.00 and will see that said work is completed according to the plans.

Voted that the Selectmen be authorized to borrow the sum of \$2250.00 for one year, provided the Jaffrey Village Improvement Society accept the conditions of the previous vote, and appropriate the income of the Conant Repair fund, available, the whole amount not to exceed \$3000.00 for the repair of the old Town House at Jaffrey Center, said sum to be expended under the direction of the Village Improvement Society and a committee of the town appointed at the Annual Town Meeting in March.

Geo. H. Duncan was granted permission to present the following resolution: Whereas, the increase in the number of users of the Jaffrey Town water system has necessarily resulted in a decrease of the water pressure at services at high points on the system, so that in some instances in the vicinity of Jaffrey Center there is insufficient pressure for household service, and little protection in case of fire; and

Whereas, it would be possible, by the installation of a storage tank and auxiliary electric pump or otherwise, at some high point, to supplement the present pressure; therefore, be it

Resolved, that the Moderator appoint a committee of three, one of whom shall be a member of the present board of Water Commissioners, to investigate feasibility and expense of installing such a supplementary system, that said committee be authorized to draw upon the Board of Water Commissioners for their reasonable expenses in making such investigation in an amount not to exceed

\$200.00, and report their findings to the next Annual Town Meeting.

Voted that the resolution be accepted. The Moderator appointed for said committee, George H. Duncan, Edward C. Boynton and Edward L. Fay.

Voted to adjourn.

Respectfully submitted,

JOHN G. TOWNSEND,

Town Clerk.

## REPORT OF THE FIRE ENGINEERS FOR THE YEAR ENDING FEB. 1, 1923

During the past year the fire department has maintained its efficiency, as far as possible, by practice meetings on the part of the firemen, and by keeping the buildings and apparatus in good condition. Only one serious fire has occurred, on July 22, when the Cutter House at Jaffrey Centre was entirely destroyed. This fire disclosed a condition with regard to water pressure in that part of the town which had already been a source of worry to residents, and the cause of the appointment of a committee to investigate possibilities of increased pressure. A subsequent test by a representative of the insurance Underwriters showed a pressure near the Engine House at Jaffrey of twenty pounds, at the Town Hall of ten pounds, and at the Shattuck Inn of thirteen pounds. As a result of this test, in October all insurance rates at Jaffrey Center were increased 33 per cent. This condition should be remedied in some manner, probably in the way pointed out in the report of the Committee printed elsewhere in this report.

The engineers found that the Engine House at the Centre was in bad condition, the underpinning having fallen in to quite an extent, while the roof leaked badly. Both these repairs were made. This building still needs painting, and should be attended to during the coming year. The foundations of the engine house at East Jaffrey are also in bad shape, and should be looked after the coming year. Apparently, however, an appropriation of \$1,200.00 for the support of the department, the same as last year, will provide sufficient funds to make these repairs, as well as meet other expenses of the department.

At the last annual town meeting an appropriation of \$600.00 was made, and the engineers were instructed to install an electric siren fire alarm. Such a signal was installed on trial, but in the opinion of many citizens seemed to be inadequate. Under the circumstances, therefore, the engineers concluded that it was unwise to make this expenditure without further instructions from the voters. If it is decided that a signal similar to the one tried is satisfactory, the appropriation is still available, and is ample. If a more powerful signal is thought necessary, an additional appropriation of some \$2,000.00 will be required, as well as an increase in the regular appropriation sufficient to maintain it, as it is understood that the building where it is housed must be kept warm.

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

To the School Board of Jaffrey:

I herewith submit to you my fifth annual report, this being the fourteenth under district supervision.

The enrollment of the Conant High School is practically the same as last year, showing a total enrollment of 75, an average membership of 73.58, and an average attendance of 70.99 with only nine cases of tardiness during the first twelve weeks as against 38 during the same period of the previous year.

We were fortunate in retaining the services of Head Master E. B. Marriner and of Mr. James P. Carroll for a second year. Three changes occurred in the senior high school, Miss Gertrude E. Barry, a graduate of Radcliffe, succeeding Miss Williams in the English and History department, Miss Marjorie Simenoe, a Keene graduate, succeeding Mrs. Bassette, and Miss Ruth Peckham, a Bay Path graduate, succeeding Miss Sheldrick.

The work of the high school has been extremely gratifying, showing the advantage of a strong and able administration as well as most effective teaching. During the past two years a good proportion of the graduates of Conant High School have enrolled in higher institutions for advanced work, Keene Normal School alone having five graduates of the last two graduating classes.

In the grades comparatively few changes were made at the opening of the present year. Miss Laura A. Smith, who had taught different grades in the Conant building for four years retired and was succeeded by Miss Mae Jackson, a graduate of Keene Normal School. Miss Agnes M. Farrar has charge of the room containing grades V-

VII. Miss Farrar previously taught in Fitzwilliam and last year in Massachusetts, and has attended two summer sessions at Fitchburg Normal School.

In the primary building the only change was in grade II where Miss Mildred R. Bean, a Keene graduate, succeeded Miss O'Hara. In District No. 4, Miss Emily J. Gove succeeded Miss Alice E. Belcher who was transferred to a larger school in West Rindge. Miss Gove has had teaching experience in Maine and has attended the summer session at Farmington.

Miss Grimes of Peterboro is, for the fourth year, continuing her excellent work as supervisor of music.

Every teacher who contracted to teach in Jaffrey this year came as agreed and there have been no changes thus far during the school year.

The evening school has shown very nearly the same attendance as last year. The satisfactory work done during these sessions is attested by the fact that twelve pupils who were, under the law, required to attend have passed the examination in reading exempting them from further attendance. A number who are voluntary attendants have shown their interest by regular attendance. It is to be regretted that a much larger number of young people do not avail themselves of the advantages offered in the courses given in the evening school.

Miss Hiller has faithfully followed up her work as school nurse during the present year. On account of the great amount of sickness in the homes the demands upon her time have been so great that the physical examination of the pupils has not yet been completed.

A number of cases of Scarlet Fever have appeared in a light form. As several cases occurred early in the year in the second grade it was thought advisable to burn the books used in this room as well as the material used in busy work. The school board have been urged to destroy all books used in the schools, hoping thereby to eliminate the occasional outbreaks of this disease in the several rooms. Whenever a case appears all the books and supplies used by the pupil having the disease are immediately burned up and all possible precautions taken to avoid the contagion. Thus far the most careful inves-

tigation has failed to reveal any connection between the use of school books and the outbreak of Scarlet Fever, and under the circumstances I would hesitate to advocate a special appropriation of over \$5,000 for a single year to replace all the books now in use.

---

Although the matter of transportation is one that involves the largest single expense next to teachers' salaries, the parents interested have seemed to be well satisfied with the results obtained, and last year at the request of the parents of Dist. No. 4 all pupils above the sixth grade in that section were granted transportation. There now remain two small rural schools in Districts No. 4 and No. 9, one having eight pupils and the other ten. As the expense of transporting these eighteen pupils would be considerably less than the salaries of the two teachers required to keep these schools open, it may be worth serious consideration another school year as to whether these pupils should not be given the advantages of the village schools.

The State Aid granted for the present year is the same as last, slightly over \$4,500. If the present law remains unchanged and the rating for teachers for the next two years is made on the basis of those employed this year, the training and experience of the present force would warrant an allowance of considerably over \$5,000. As so many items enter into the granting of State Aid, however, it will be unsafe to estimate a larger allowance next year than this.

The budget for the present year submitted to the State Board of Education showed a proposed expenditure of approximately \$1,000 more than the available revenue to June 30th, therefore in order to comply with the requirements for State Aid it will be necessary to ask for an appropriation of this amount to cover the expected deficit for the present year.

The general expenses for another year should not differ materially from those of the present year. Salaries will have to be practically the same except for new teachers, and as \$900 seems to be the minimum at which new teachers from the normal schools will accept posi-

tions, practically the same amount in the aggregate will be required for salaries next year as for the present year. Text books and supplies cost practically the same this year as last. Fuel is so uncertain that it would be unsafe to estimate any lower appropriation for that item.

I believe that the citizens of Jaffrey should keenly appreciate the teaching force that is so faithfully working in their schools. From the primary grades to the last year of high school we find the same earnest, active, effective interest in the welfare of the pupils.

In closing I wish to thank the citizens, teachers, pupils and members of the school board for the continuance of their hearty support.

Very truly yours,

LEWIS S. RECORD  
Superintendent of Schools..

## REPORT OF COMMITTEE TO INVESTIGATE IN- CREASED WATER PRESSURE AT JAFFREY CENTRE

Your Committee, appointed at the adjourned town meeting to investigate the necessity of increased water pressure at Jaffrey Centre, both for fire and domestic service, had impressed upon it the need by the experience at the fire on July 22, which destroyed the Cutter House, and by reports from various water-takers in that vicinity that for a considerable part of the time it is impossible to secure water for domestic purposes. The lack of fire protection has already resulted in an increase in insurance rates from 25c per \$100.00 per year to 33c per \$100.

The Committee secured the services of Mr. Harry W. Sawyer, of Manchester, an engineer who has previously had to do with our water system, and his report follows. It shows that if a tank of sufficient capacity is built in the ground at the top of the hill in the rear of the residence of Miss Lucia B. Cutter, adequate pressure can be obtained without the erection of a stand-pipe. This tank would be supplied from the present pipe line near the highway by means of a motor driven pump.

Mr. Sawyer's estimate does not include land damage. The matter is now under consideration by the owners of the land affected, and it is expected that figures will be available by the day of town meeting.

The only expense of the investigation was the bill of Mr. Sawyer, which was \$43.14.

Respectfully submitted,

GEORGE H. DUNCAN  
E. C. BOYNTON  
EDWARD L. FAY

Committee.

## SUBJECT—

To increase water pressure at Jaffrey Centre.

## RECOMMENDATION—

Recommend that a reinforced concrete reservoir, with a capacity of 100,000 gallons, be built on Cutter hill, a six inch cast iron pipe be laid from present eight inch main to proposed reservoir and a motor driven centrifugal Pump be installed to pump water from present main to reservoir.

This would give a pressure of about forty pounds per square inch at the Town Hall.

## ESTIMATED COST—

To 24 Tons 6" C. I. Pipe "Class A" @ \$60.00	\$1,440 00
To trenching, laying and backfilling 1450 ft. of 6" pipe @ .50	725 00
To lead and jute	100 00
To 290 cu. yds. of earth excavation @ 0.75	217 50
To 290 cu. yds. of earth hand placed @ 0.75	217 50
To Rock excavation 10 cu. yds. (approx.) @ \$5.00	50 00
To 175 cu. yds. reinforced concrete @ \$20.00	3,500 00
To Pump and Motor	500 00
To Pump House	250 00
To Engineering, superintendence and incidentals	500 00
Total	<hr/> \$7,500 00

HARRY W. SAWYER,  
Engineer.

## STATE OF NEW HAMPSHIRE

---

### **To the Inhabitants of the Town of Jaffrey, in the County of Cheshire, Qualified to Vote in Town Affairs.**

You are hereby notified to meet at Union Hall in said town on the thirteenth day of March next, at nine o'clock in the forenoon, to act on the following subjects:

1st. To choose a Town Clerk, one Selectman for three years, and all other necessary town officers.

2d. To bring in your ballots upon the question as to whether the amendment proposed by the Convention to revise the Constitution shall be approved.

3d. To hear all reports and act thereon.

4th. To raise such sums of money as may be necessary for the support of poor, building and repair of highways and bridges, library, fire department, Memorial Day, street lights, and other town charges.

5th. To see if the Town will vote to instruct the Selectmen to borrow money in anticipation of taxes.

6th. To see if the Town will vote to pay the Firemen at the same rate as last year, or act in any way relating thereto.

7th. To see if the Town will vote to build a gravel sidewalk on the old Peterboro Road, from the house now occupied by George Dorr to the bridge near L. W. Ingraham's house, raise and appropriate money for the same or act in any way relating thereto, as petitioned by Frank Letourneau and others.

8th. To see if the Town will vote to celebrate the one hundred and fiftieth anniversary of the incorporation of the town, during the week of August 17th next, raise and appropriate money for the same, or act in any way relating thereto.

9th. To see if the Town will vote to raise and appropriate the sum of \$1000.00 for State Aid Maintenance, or act in any way relating thereto.

10th. To see if the Town will vote to raise and appropriate the sum of \$1500.00 for Trunk Line Maintenance, or act in any way relating thereto.

11th. To see if the Town will vote to raise and appropriate the sum of \$2500.00 for Trunk Line Construction, or act in any way relating thereto.

12th. To see if the Town will vote to raise and appropriate the sum of \$10,000.00 for Trunk Line Construction, to entitle the Town to receive \$20,000.00 from State and Federal Aid, or issue the bonds of the Town for the same purpose, or act in any way relating thereto.

13th. To see if the Town will vote to raise and appropriate the sum of \$350.00 for Town Road Maintenance, or act in any way relating thereto.

14th. To see what action the Town will take in regard to furnishing additional water pressure at Jaffrey Centre, raise and appropriate money to pay for the same, or act in any way relating thereto.

15th. To see if the Town will take any further action relating to the installation of a fire alarm signal at East Jaffrey, raise and appropriate an additional sum of money, or act in any way relating thereto.

16th. To see if the Town will raise and appropriate a sum of money to assist in a proper celebration of Fourth of July, or act in any way relating thereto.

17th. To see if the Town will raise and appropriate a sum of money for the purchase of two Ford trucks to do work for the town, or act in any way relating thereto, as petitioned by George J Cournoyer and others.

18th. To see if the Town will vote to raise and appropriate the sum of \$350.00 to pay the last year debt of \$200.00 for improvements at Humiston Field, the balance to pay for painting the grand stand and for other improvements the coming summer, or act in any way relating thereto.

19th. To see if the Town will vote to request the Derry Electric Company to locate a repair man at East Jaffrey, or act in any way relating thereto.

20th. To see if the Town will vote to raise and appropriate a sum of money to make a good road, either State-aided or otherwise, of the so-called Mountain Road from the Centre to the western line of the town; or will so improve the existing road as to permit the safe passage of automobiles over it, thus providing a proper approach to the town from the west and north, or act in any way relating thereto, as petitioned by M. W. Hamlen and others.

21st. To see if the Town will vote to discontinue the highway leading northerly from the "Turnpike Road," so-called at a point immediately east of the summer residence of the Estate of J. N. White, or act in any way relating thereto.

22nd. To see if the Town will vote to accept the sum of \$100.00, in trust, the income to be used to care for the Asa Nutting Lot in the old cemetery at Jaffrey Centre, or act in any way relating thereto.

23rd. To see if the Town will raise and appropriate a sum of money to pay for the construction of a sewer on North Street, in East Jaffrey Village, beginning at the corner near the store of the Meyers Company, and running northerly to the intersection of the Old Peterboro Road, or act in any way relating thereto, as petitioned for by Joseph Lemire and others.

24th. To see if the Town will vote to allow a discount on taxes paid before any certain date, or act in any way relating thereto.

25th. To see if the Town will vote to place additional insurance on the Jaffrey Town House, the same to be paid for by the Jaffrey Village Improvement Society,

and authorize the Selectmen to execute and deliver to said Society an agreement that in case of fire loss they and their successors in office will collect and pay over to said Society any insurance paid for by said Society, or act in any way relating thereto.

26th. To see if the Town will raise and appropriate a sum of money for the improvement of the highway leading from Cheshire Village to the Catholic Cemetery.

Given under our hands this twenty-fourth day of February, 1923.
